

MADHUSUDHANAN N A

Phone: 8778927363 | Email: msudhanan2007@gmail.com | [Portfolio](#) | [LinkedIn](#) | [GitHub](#)

OBJECTIVE

Enthusiastic engineering student passionate about technology, innovation, and problem solving. Eager to apply technical, analytical, and creative skills through real-world projects and collaborative opportunities in a professional environment.

EDUCATION

B.Tech in Computer Science and Business Systems (CSBS)	Present
<i>PSNA College of Engineering and Technology, Dindigul</i>	CGPA: 8.23 (Up to 4th Sem)
Higher Secondary (XII)	2024
<i>Sourashtra Higher Secondary School, Paramakudi</i>	Percentage: 79.3%
Secondary (X)	2022
<i>SNV School, Paramakudi</i>	Percentage: 70.8%

INTERNSHIP EXPERIENCE

Full Stack Development Intern — CodeAlpha	Certificate
<i>Jul 2026 – Aug 2026</i>	
- Developed and deployed full-stack E-Commerce and Social Media platforms using React.js, Node.js, Express.js, and Firebase. - Built RESTful APIs and implemented authentication, database integration, and cloud deployment. - Migrated MySQL to Cloud Firestore, optimizing data models and database queries.	

TECHNICAL SKILLS

Frontend Development: HTML, CSS, JavaScript, React
Backend Development: Node.js, Express
Database & Backend Services: Firebase, Supabase, MongoDB
Deployment & Hosting: Vercel, Firebase Hosting
Web & UI/UX: Responsive Design, UI/UX Design (Figma)
Tools & Platforms: Git, GitHub, VS Code, Antigravity, Google Colab
APIs & Integration: REST API Integration, AI API Integration (Basic)
Core Concepts: Data Structures, Problem Solving, Analytical Thinking
Business & Technical Integration: Understanding Business Systems, Technical Documentation

PROJECTS

AI Resume Maker	Link
- Developed an AI-powered resume builder with dynamic multi-template resume generation and ATS-friendly formatting - Integrated Groq AI for resume enhancement, content suggestions, and structured resume parsing - Implemented PDF/DOCX export, resume upload parsing, and real-time editable preview system - Designed a responsive and modern UI with Tailwind CSS and deployed the application using Firebase Hosting	
Tech Stack: React.js, TypeScript, Tailwind CSS, Groq API, Firebase, react-to-print	
Voice Bot	Link
- Built an interactive voice-enabled web application with real-time speech recognition and natural language response flow. - Created a responsive interface for seamless voice-based communication and enhanced UX through optimized voice input handling.	
Tech Stack: React, Web Speech API, Vercel, Tailwind CSS	
Ayaara Web Application	Link
- Designed a wearable platform mapping HRV and physiological signals into emotional insights, including interactive dashboards and real-time wellness scores. - Built trigger pattern recognition interfaces and micro-intervention flows; developed weekly emotional health report views.	
Tech Stack: React Native, Python, Gemini API, Firebase, Tailwind CSS	

Namma Madurai

- Built a hyperlocal civic reporting platform with photo-first 30-second reporting flow, live issue map, and community upvote system.
- Designed ward dashboard with analytics, resolution notifications, and city scorecards.

Tech Stack: React, Next.js, Python Flask, Google Maps API, Tailwind CSS

[Link](#)

E-Commerce Store

- Developed a full-stack e-commerce platform with product browsing, categories, cart, checkout, authentication, and order management.
- Built RESTful APIs using Node.js and Express.js for frontend–backend integration.
- Migrated MySQL to Cloud Firestore, optimizing product, user, order, and review data management.
- Deployed and tested the application in a production environment.

Tech Stack: React.js, TypeScript, Node.js, Express.js, Firebase Authentication, Cloud Firestore, REST APIs, Vercel, Render, Git, GitHub

[Link](#)

Social Media Platform

- Developed a full-stack social media platform with authentication, posts, likes, comments, follows, and messaging.
- Built RESTful APIs using Node.js and Express.js for frontend–backend integration.
- Migrated MySQL to Cloud Firestore, optimizing database models and queries.
- Deployed and tested the application in a production environment.

Tech Stack: React.js, TypeScript, Node.js, Express.js, Firebase Authentication, Cloud Firestore, REST APIs, Vercel, Render, Git, GitHub

CERTIFICATIONS

Python Essentials 1 — Cisco Networking Academy (Mar 2025)	Certificate
Python Essentials 2 — Cisco Networking Academy (Mar 2025)	Certificate
IBM AI Engineering — IBM (Nov 2025)	Certificate
SQL for Data Analysis — Simplilearn (Feb 2026)	Certificate
MongoDB Data Modeling — MongoDB (Jul 2025)	Certificate
UI/UX Designing — Simplilearn SkillUp (Aug 2025)	Certificate
Snowflake Workshops: Data Engineering Data Warehousing Data Lake Data Science Data Apps — Snowflake (2026)	Certificate
Introduction to Big Data — Simplilearn SkillUp (2026)	Certificate

ACHIEVEMENTS

Secured Second Prize in Poster Designing – NEXORA	Apr 2025
Active participation in National Level AI Hackathons	Oct 2025
Awarded Best Presentation for outstanding performance in Buildathon at INNO BLITZ 2.0, Sri Ramakrishna Engineering College, Coimbatore	Mar 2026

HACKATHON & PARTICIPATION

Hack-AI-Thon 2.0 – National Level AI Hackathon (24 Hours)	Oct 2025
<i>St. Joseph's College of Engineering, Chennai</i>	
- Contributed to problem understanding - Participated in solution ideation - Worked in time-bound team collaboration	
Selected in SIH Intra and Inter Department Hackathon	Nov 2025

ROLES & RESPONSIBILITIES

Public Relations Officer (PRO) – UiPath Club (RPA)	2026-27
Executive Member – Math Club	2026-27
